ECS Virtual Learning Confidentiality Expectations

Dear Parents and Students,

Virtual lessons will be an important aspect of ensuring that ALL students can continue to participate in interactive classes in order to receive the best practice methods provided in the physical classroom. Student participation and immediate teacher feedback is an essential aspect of effective instruction and intervention.

We want to make you aware that some lessons will be recorded and posted in Google Classroom for students who are unable to participate at the time of the live lessons. ONLY the teacher will be recorded, and every effort will be made to maintain confidentiality; however, voices of children responding during the class will possibly be heard on the recordings. We must trust you, the parents of our students, to also ensure confidentiality and respect the privacy of other students by not photographing, videoing, or distributing any information that might compromise the identity of those students present in your child's classes.

Thank you for respecting the privacy and confidentiality of all of our ECS family!

Sincerely,

Richard VanHuss
Director of Schools
